

Keep Them Busy With...

Celery

Activity One: Counting Ants

Ants-on-a-Log is one of our favorite snacks at The Produce Moms. And sometimes it is helpful to have a snack while you work on your math! Gather three Dandy® celery sticks, your favorite nut butter and use either raisins, chocolate chips or dried cranberries as the ants. Count by 2s, 3s and 5s as you add ants to your log.

Once you feel confident in your counting skills, fill in the blanks below:

Log 1:
Count by 2s

Log 2:
Count by 3s

Log 3:
Count by 5s
