

BERRY MEMORY GAME

Directions: On a set of 16 blank index cards divided into pairs, write a berry fact on one card and the name of the berry that fact corresponds to on another card. Try two facts for each berry. Shuffle the cards. Lay them face down in rows forming a large rectangle on the table or floor. Make sure the cards are not touching each other. They need to be flipped over without disturbing any cards around them. The first player chooses a card and carefully turns it over. Be sure not to bother the surrounding cards.

The player then selects another card and turns it over. If the two cards are a matching pair they take the two cards and start a stack. The player is awarded another turn for making a match and goes again. If the cards are not a match they are turned back over and it is now the next player's turn. If they are unsuccessful in making a match they flip the cards back over and play is passed to the next player. The object of the game is to collect the most matching pairs.

BERRY WORD SEARCH

Directions: Find the word in the word search puzzle.
